MORAVIAN COLLEGE

ROOM RETENTION OVERVIEW

Room Retention at Moravian College is designed to provide students the option of selecting their current room/suite for the next academic year. To retain a room in a traditional residence hall or a suite in a suite-style building, 50% or more of the current residents must return to the space. All other vacancies in the room/suite must be filled with students before the application deadline. Students can request to move to different bedrooms within the suite.

Students that are approved for Room Retention do not participate in the General Housing Selection.
