## I. MUSIC DEPARTMENT MISSION STATEMENT

**The Moravian University Music Department** is a vital and integral part of the educational and cultural environment of Moravian University and the Lehigh Valley. For the student majoring in music, we offer excellent, comprehensive, and personalized degree programs in music integrated with liberal arts studies. For the student majoring in another field who wishes to study music, we offer a variety of courses designed to provide an appreciation and understanding of the creative process in music. We also foster fulfilling musical encounters for the community through a wide selection of private and group instruction, performance in ensembles, courses, lectures, and concerts.

Moravian University is an accredited institutional member of the National Association of Schools of Music.

---

### • DEGREES

The University offers two degrees in music: the Bachelor of Arts and the Bachelor of Music. The Bachelor of Arts allows more liberal arts studies than the Bachelor of Music. The Bachelor of Arts is the preferred degree for students wishing to double major. The Bachelor of Music degree is for students who wish comprehensive musical studies. The Music Department offers four concentrations within the Bachelor of Music degree: music education, performance (instrumental, vocal, jazz), composition, and sacred music. The Bachelor of Music is the required degree for students seeking Pennsylvania Department of Education teaching certification.

---

### • GOALS AND OUTCOMES

Our curriculum and department strive to affirm the development of the whole student-intellectually, physically, emotionally, and ethically. This goal is learning-centered rather than teaching-centered. Thus, each student will:

- demonstrate competency with fundamental musicianship skills, including sight-singing; solfège; rhythmic, melodic, and harmonic dictation
- demonstrate proficiency in Western music theory, including standard principles of voice leading and part writing in diatonic and chromatic harmony and contemporary idioms
- demonstrate an understanding of the major historical styles, epochs, and composers of Western music, from antiquity to the present
- demonstrate growth as performers in both solo and ensemble situations
- demonstrate an ability to improvise using a given set of parameters
- demonstrate an understanding of the music from outside traditional Western studies and styles, and to draw connections to Western music
- demonstrate an ability to write and speak intelligently about music
- demonstrate an ability to synthesize various aspects of music study (theory, history, musicianship, performance) in both academic and performance venues, thereby demonstrating critical thinking and maturing into well-rounded performing musicians, scholars and teachers.
- develop the capacity to evolve into self-sufficient and life-long learners in musical studies

• **ACCESSIBILITY IN THE DEPARTMENT OF MUSIC**

**Foy, Peter, and Hearst Concert Halls** are accessible by wheelchair. While the Hurd Campus concert halls are wheelchair accessible, restrooms are not. People using wheelchairs should arrange their own assistance.

An elevator serves the Ground floor (the parking lot level), Foy Concert Hall Lobby (via a sloped walkway from the parking lot), Floor 1 (Art and Music department classrooms and studios), and Floor 2 (Peter and Hearst halls, music classrooms, and studios).

There are no audio enhancement capabilities in the concert halls.

**Department of Music Staff and Full-time Faculty Offices** are located on the third floor of the stone Brethren's House on the Hurd Campus. Elevator service is only available to the second floor of the Music Department. Visitors and members of the University community unable to ascend the flight of stairs to the third floor should call or e-mail for an appointment on a different floor: 610- 861-1650 or [music@moravian.edu](mailto:music@moravian.edu).

**Department of Music Library** is located on the third floor of West Hall. Since this floor is inaccessible to some individuals, there are other ways to access the music library.

All music is catalogued through Reeves library and is available through the Reeves Library catalogue (WMS) online.

Wi-Fi is available through much of the Brethren's House including (but not limited to) Foy Hall, Peter Hall, Clewell Dining Hall, classrooms, and outside Main Hall and the HILL (Hurd Integrated Living and Learning building), as well as much of north campus, allowing access to WMS.

Requesting materials from the music library can be done by calling (610-861-1650) or e-mail [music@moravian.edu](mailto:music@moravian.edu). If the patron is a student, there are many options that are available for getting materials (especially if they are needed for classes). Recordings and scores that are on reserve may be made available via Blackboard or duplicates can be placed on reserve in Reeves Library.

Materials not on reserve can be hand delivered within the building, or sent via inter-campus mail to Reeves Library during standard office hours in the school year. Inter-campus mail requires at least a 24-hour turnaround, depending on the time the materials are requested.

**Classrooms and Studios** (including practice rooms) are accessible by wheelchair, depending on the chair's width. Please inform the Registrar and Department of Music office of any need for accommodation when registering for a class in these rooms. The HILL music classroom 209 is wheelchair accessible.

For up-to-date information on accessibility in the Department of Music, please contact 610-861-1650 or [music@moravian.edu](mailto:music@moravian.edu).

- **G. BACHELOR OF ARTS - MUSIC 4 + 1 Graduate Business Program**

4 + 1 Dual Degree Program Description

- The 4 + 1 Dual Degree program gives Moravian students the opportunity to earn two degrees (1 undergraduate + 1 graduate) in 5 years.
- Students begin taking graduate-level courses in their senior year to help transition into a full, final year of graduate studies.
- **Benefits of 4 + 1**
  - Earn two degrees in 5 years
  - Cost Savings - There are two sources of savings
    - Moravian undergraduates receive a tuition discount on graduate courses.
    - Four graduate courses taken their senior year are double-counted as the fees are applied to their undergraduate degree. Therefore, a student will pay for only 8 courses out of the 12 in the graduate degree program.
- **Enrollment Process**
  - The student consults with their Music advisor and graduate business advisor to map out a plan. This is best done during their Sophomore and Junior years.
  - The student will usually apply to the 4 + 1 program during their Junior year. Graduate business works with the student to complete the application process.

**• I. DOUBLE CONCENTRATIONS**

Students pursuing a double INSTRUMENTAL/VOICE concentration (such as a double concentration in piano and voice), and/or double AREA concentration (Mus Ed & Performance), must complete all requirements of both concentrations including double: juries, performance classes, and major ensembles, if applicable. See your major advisor for details.

## IV. THE PERFORMANCE UNIT

- **A. THE PERFORMANCE UNIT (FULL OR A FRACTION THEREOF) IS REQUIRED OF ALL MUSIC MAJORS, MINORS AND CERTIFICATION CANDIDATES. SINCE THE AMOUNT TAKEN EACH TERM VARIES ACCORDING TO DEGREE PROGRAM, PLEASE CONSULT WITH A MUSIC ADVISOR. THE NUMBERING SYSTEM IS:**

Music Major 1 <sup>st</sup> year: MUS 110.x and 111.x 2 <sup>nd</sup> year: MUS 210.x and 211.x 3 <sup>rd</sup> year: MUS 310.x and 311.x 4 <sup>th</sup> year: MUS 312.x and 313.x	B.A. 4 <sup>th</sup> year MUS 314.x and 315.x	Music Minor 200.x	Non-major/minor 100.x
---	--	----------------------	--------------------------

The Performance unit includes the following activities:

### 1. Primary lesson and jury –

Required and based on the music major audition. Each set of primary lessons includes twelve 60-minute lessons and an end-of-term jury exam. (Please note that if there are only 11 Mondays, for instance in the term, you will receive 11 instead of 12 lessons). End-of-term juries are required for all primary lessons except for the B.M. Music Education majors in their student teaching term and students enrolled in 314.x or 315.x. When you are scheduling juries, avoid any conflict with other course finals. Notify Dawn Rodriguez (-1651, rodriguez03@moravian.edu) if this is unavoidable, and special arrangements will be made.

- B.M. Composition students take a primary 60-minute performance lesson and jury, as well as a 60-minute composition lesson.
- Students majoring in two concentrations (voice/instrument or instrument/instrument) take 60-minute primary performance lessons, juries, and major ensembles for both concentrations.
- Any auditions to change the student's primary performance concentration must allow for four terms in the new primary concentration.
- Juries are at the end of every term of the Performance unit.
  - Repertoire Sheets signed by a student's Primary Artist-Lecturer (Appendix A) are due to Dawn Rodriguez (-1651, rodriguez03@moravian.edu) the Thursday before juries.
  - Jury Rubrics are found in Appendix B.
  - Juries consist of a performance of two contrasting pieces or a multi-tempo movement for a **minimum of three (3) minutes, but no more than eight (8) minutes.**
  - When your jury requires an accompanist, you may consult with the Director of Accompanying, Dr. Martha Schrepel (schrepelm@moravian.edu) for student accompanist contacts, but this is not mandatory. Requests for University-provided student accompanists should be submitted to Dr. Schrepel **no later than four weeks prior to the start of juries.** After the four-week deadline, students are responsible for securing their own accompanists. You may ask a student directly to accompany; about mid-term there will be a list on the bulletin board outside the student lounge. Please check frequently with the student accompanist to make sure they are able to play the music and can handle whatever difficulties there are. It is highly recommended that you start rehearsing with your accompanist immediately, even if neither of you has perfected the music. That way you'll both get comfortable with the ensemble and your teacher will be able to hear you well before the jury.
  - If a student accompanist cannot be secured or the accompaniment is too difficult to learn quickly, please refer to the Accompanying Policy in section: **V. Recitals** later in this handbook.

---

## 2. Secondary lessons –

Optional except for those listed below. However, by registering for the Performance unit, tuition will cover up to three sets of lessons per term (primary and secondary combined); additional lesson sets beyond three (3) require a lesson fee. Each set of secondary lessons includes thirteen 30-minute lessons (depending on the teaching days available). There are no juries for secondary lessons.

- B.M. Performance Keyboard majors must also take two terms of accompanying as a secondary lesson.
  - B.M. Performance Jazz majors must also take a term of jazz piano lessons.
  - B.M. Sacred Music majors must take at least four terms of organ lessons.
  - B.A. music majors in the Pre-Music Therapy track should take lessons in voice, guitar, and piano to prepare for graduate school auditions.
- 

## 3. Major ensemble –

Required. Music majors register for major ensemble as follows:

- Voice majors: Choir.
  - All first-year wind and percussion majors (non-jazz) are assigned to Marching Band in the fall and Wind Ensemble in the spring. (Double reed players will play an alternate instrument or participate in the color guard). Orchestra is an elective major ensemble for this group.
  - Second, third and fourth-year wind and percussion classical BM Performance majors (including transfers) with a concentration in an orchestral instrument are assigned to Orchestra in the fall and Wind Ensemble in the spring. All other wind and percussion majors are assigned to Marching Band in the fall and Wind Ensemble in the spring.
  - String majors are assigned to Orchestra (seating determined by audition).
  - Guitar (acoustic), and keyboard majors may audition for major ensemble on a secondary instrument or voice. They may choose between Orchestra, Marching Band, Big Band and Choir in the fall; Orchestra, Wind Ensemble, Big Band and Choir in the spring.
  - Jazz majors can be assigned to the Moravian University Big Band (students with a jazz concentration must pass an audition to enroll in the Big Band as a major ensemble). If a jazz major is not accepted into the Big Band, then he/she will be required to audition for one of the other major ensembles most appropriate for his or her instrument/voice.
- 

## 4. Additional Major ensembles – Optional except for music education majors and sacred music majors.

- B.M. Music Education majors with Choir as their assigned major ensemble must register for at least two (2) terms of a major instrumental ensemble: one (1) term of Marching Band PLUS one (1) term of Orchestra, Wind Ensemble, or another term of Marching Band.
- Music Education majors with Marching Band/Wind Ensemble as their assigned major ensemble must register for at least two (2) terms Choir.
- Music Education majors with Orchestra as their major ensemble must register for at least two (2) terms of Choir AND one (1) term of Marching Band.
- Music Education majors with Big Band as their assigned major ensemble must participate in at least two (2) terms of Choir, and must participate in at least two (2) terms of Marching Band, or one (1) term of Marching Band with one (1) of Wind Ensemble or Orchestra as determined by the Director of Instrumental Music.
- B.M. Music Education majors with Major Ensembles of Choir, MUMB/MUWE and MUCO must take one term of jazz ensemble:
  - Required: Jazz ensemble, either:
    - Combo
    - Big Band
  - If you elect to take Jazz Methods class (MUS 365.1), you are waived of the jazz ensemble requirement.
- Sacred Music majors must register for at least four (4) terms of Choir.

---

## 5. Elective ensembles

Instrumental (non-keyboard) B.M. performance majors are required to take at least two (2) terms of a chamber ensemble on their primary instrument. Keyboard and vocal performance majors are strongly encouraged, but not required, to register for chamber ensembles. The Music Department generally offers the following chamber ensembles depending on student enrollments:

---

- |                    |                        |                       |
|--------------------|------------------------|-----------------------|
| ○ Baroque Ensemble | ○ Guitar Ensemble      | ○ Percussion Ensemble |
| ○ Brass Ensemble   | ○ Improv Ensemble      | ○ Piano Quintet       |
| ○ Celtic Ensemble  | ○ Jazz Combos I and II | ○ Saxophone Quartet   |
| ○ Clarinet Choir   | ○ Jazz Vocal Ensemble  | ○ Song & Stagecraft   |
| ○ Flute Troupe     | ○ Monteverdi Ensemble  | ○ Trombone Ensemble   |
| ○ Fusion Ensemble  | ○ Opera Workshop       | ○ Woodwind Trio       |
- 

## 6. GRADING of Chamber Ensembles –

- Chamber ensembles will be graded using number/percentages (x/100).
  - The Chamber ensemble grade(s) will be averaged together to form a single “Chamber ensembles grade”. If there is only one, then it accounts for the entire portion of the Chamber ensembles average.
  - The Chamber ensemble average or grade will make up 25% of the ensembles grade – the Major Ensemble grade will make up 75% of the total ensemble grade. If there are no Chamber ensembles, then the major ensemble grade makes up the full ensemble grade.
- 

## 7. Concert attendance –

Required. Ten (10) concerts per term from the annual department concert schedule are required of full-time music majors; reduced to eight (8) for student teachers; waived for part-time students. Additional department events may be announced by the music faculty. Attendance is monitored through the submission of signed programs collected at the **conclusion** of each qualifying concert, recital, performance class, or event. Students will only receive credit for concerts they fully attend. Concert credit is only given to attendees, not participants.

---

## 8. Performance Class – every Tuesday – 4<sup>th</sup> Period

- Attendance is required of all music majors enrolled in a Performance unit *except* during student teaching.
- Performance of one (1) less-than-4-minute solo piece is required on the student’s primary performance concentration each term *except* during the first term of study with a new primary instructor, during the first term as music major, or during student teaching.
- While ensemble pieces do not qualify as “solo” pieces, the student’s piece may be accompanied. If an accompanist is needed, your primary lesson Artist-Lecturer must coach you with your accompanist before the Performance Class. In the case of a jazz major, a back-up group is considered an accompaniment. One other member of the group may also solo **ONLY** if the jazz student soloist’s primary instrument’s traditional role is to accompany others’ solos (i.e., a rhythm section instrument).
- Performers submit a “Performance Class Information” form (outside Bill Bauman’s door, Room 315 Brethren’s House) to Bill Bauman five (5) days before the Performance class (Thursday before a Tuesday Performance Class) signed by the Primary instructor indicating that the piece has been studied within the student’s lesson(s). Fillable PDF is also available online.
- Students may write a petition to the faculty to perform a longer piece with the understanding that the petition might be: granted, denied (requiring cuts in the piece), or assigned to an extra Thursday Performance Class. Concert Attendance credit is granted to students attending any extra, non-mandatory Thursday Performance Class.
- Note that you **may** perform a recital work in Performance Class during the *same term* as your recital. However, **you may not perform the same piece in Performance Class and Juries during the same term.**

---

9. Fall Department Trip –

Required annual music department trip to New York City to view an opera or concert for all full-time music majors registered for the Performance Unit. This trip is optional for B.A. students who are not enrolled in the performance unit. Student’s account will be billed for the trip (which also counts toward the required “concert attendance”).

\* \* \* \* \*

---

• **B. PERFORMANCE UNIT REGISTRATION AND CREDIT**

Each term that music majors register for a Performance Unit, they fill out an “Activity Sheet” form (lesson, ensemble, practicum, recital information). Also, students will complete a “Lesson Scheduling Form” (expected weekly class schedule) which is a shared google document created by Bill Bauman and shared with the students and music advisor. During registration periods, these forms must be reviewed with and approved by the music advisor, then forwarded to the Music Business Manager, Bill Bauman, who then gives AMOS permission where appropriate. Students enrolling in a Performance Unit must at least register for a primary lesson and a required major ensemble.

1. Registration for additional secondary lessons, major ensembles, and chamber ensembles is based on room in the student’s degree requirements, overall academic load, and instructor-approved space. The **Curricular Tables** (see Table of Contents) show the typical number of terms and credits of enrollment in the Performance Unit. Make your lesson and ensemble choices (and petition for exceptions) in consultation with a music advisor.
2. When a student is registered for a half (½) unit or more, three (3) sets of lessons are covered by tuition each term. The University charges a half (½) current lesson fee for each set of lessons beyond the third set within the Performance Unit. See the Music Department Business Manager (Bill Bauman) for the current lesson fee.
3. First-year music majors and student teachers generally register for a half (½) unit of Performance. A student teacher wishing to enroll in more than the required single primary lesson and single major ensemble during the student teaching term, must submit a letter or e-mail to their advisor requesting approval to take any additional activities. This petition must be submitted during the fall registration period, **prior** to the start of student teaching.
4. Students interested in changing major instructors will be encouraged to speak with their current instructors to remedy the situation causing the desire to switch primary lesson instructors. Before a change is approved, the chair needs to inform the current teacher of the situation. There must be communication between the teacher, advisor, and chair before a decision to change has been made. The chair and faculty will attempt to honor specific student requests for teachers when there is a choice of qualified faculty, although there can be no guarantee to students because of scheduling and availability. Many students, particularly first-year students, will still need to be assigned to faculty; generally primary lessons have been assigned in consultation with the student’s advisor and the department chair. Changes in secondary lessons are less formal, as there are no jury, performance or recital components. Students should consult with their advisors and list their preferred teacher on the form, which the advisor signs. Most non-majors request lessons with specific teachers. If they do not state a preference, they will be assigned a teacher after consultation with the chair and full-time faculty as appropriate. In all cases, changing primary lesson instructors may not occur once a term’s lessons have begun. If there is only one choice for a private lesson teacher, and there are irreconcilable differences between student and teacher, the student should speak with his or her advisor and department chair to find an alternative. Students are discouraged from changing teachers in the semester or summer before a recital, except in extraordinary circumstances.

• **C. PERFORMANCE UNIT GRADING**

1. Unit Grade

Students will receive numerical grades (0-100) for all their lessons and ensembles in the performance unit. Performance Class attendance/participation, concert attendance, and juries impact the final grade for this unit. Private lessons within this unit comprise 75% of the unit grade; ensembles comprise 25% of the unit grade. Within the Private Lesson

portion of the grade, 75% is assigned to the Primary Lesson, with 25% being assigned to the other Secondary Lessons within the Private Lesson portion of the Performance Unit. The Jury grade affects the calculated Private Lesson grade:

- The **Jury grade** breaks down as follows:
  - B.A. and First-Year Students: Jury grade makes up 5% of the calculated Private Lesson grade, with 95% of the Private Lesson grade assigned to the Private Lesson(s) themselves. *Note: this calculation is also used for ALL first-year students regardless of proposed “major”.*
  - B.M. Performance and Sacred Music: Jury grade makes up 20% of the calculated Private Lesson grade, with 80% of the Private Lesson grade assigned to the Private Lesson(s) themselves. *Note: this only applies to upper class students.*
  - B.M. Music Education and Composition: Jury grade makes up 10% of the calculated Private Lesson grade, with 90% of the Private Lesson grade assigned to the Private Lesson(s) themselves. *Note: this only applies to upper class students.*
  - Failure to submit a Repertoire Sheet results in no points for the Jury.
  - Failure to play a Jury results in no points for the Jury.
- The **Ensemble grade** is 25% of the total Performance unit grade.
- **Grading of Chamber Ensembles** –
  - Chamber ensembles will be graded using number/percentages (x/100).
  - The Chamber ensembles grades will be averaged together to form a single “Chamber ensembles grade”. If there is only one, then it accounts for the entire portion of the Chamber ensembles average.
  - The Chamber ensemble average or grade will make up 25% of the ensembles grade – the Major Ensemble grade will make up 75% of the total ensemble grade. If there are no Chamber ensembles, then the major ensemble grade makes up the full ensemble grade.
- **Concert Attendance:** Attending fewer than ten (10) concerts will subtract one (1) point from the final grade for each of the ten (10) unattended. Attempting to get concert attendance by deception will result in a 10-point reduction of the total Performance Unit Grade (e.g., false signature, late arrival, early departure, etc.). Those students unable to satisfy the attendance requirement may file a Concert Attendance Petition for faculty approval. The Petition is due September 15<sup>th</sup> for fall concerts, February 15<sup>th</sup> for spring. See Dawn Rodriguez (-1651, [rodriguez03@moravian.edu](mailto:rodriguez03@moravian.edu)) for a petition form.
- **Performance Class:** To avoid loss of points, please report any single or reoccurring Performance Class attendance scheduling conflicts – before they happen – to Bill Bauman (-1662, [baumanw@moravian.edu](mailto:baumanw@moravian.edu)).
  - Unexcused absences subtract one (1) point each from the total Performance Unit grade.
  - Not performing a required Performance Class subtracts 10 points from the total performance unit grade.
  - Failure to turn in a “Performance Class Information” form signed by your Primary lesson instructor and turned in to Bill Bauman five (5) days before your performance will forfeit your privilege to perform that term (and lowers your Performance grade by ten (10) points).
  - Performing a longer than 4-minute piece without prior faculty approval subtracts five (5) points from your Performance grade for each minute over the 4-minute limit.
- **Fall Department Trip.** Student’s account will be billed for the trip (which also counts toward the required “concert attendance”). A student that fails to attend the Fall Department Trip will be required to attend an additional 4 recitals/concerts that fall semester (total of 14 for the semester). For every recital they fail to attend of the required 14, a point will be deducted from the performance unit grade.

---

2. Evaluation of the “lesson grade”

- Faculty will use Lesson Rubrics to track your weekly lesson grades. While the department offers standard grading rubrics for each type of lesson, Artist-Lecturers may choose appropriate rubrics for their teaching styles.
- Faculty from a variety of musical disciplines will use a Jury Form based on your major instrument (Appendix B) to assess your progress in performance based on your Repertoire Sheet (Appendix A) goals and objectives. General criteria include:
  - technical accuracy, involving correct pitches, rhythm, and intonation
  - appropriate musical interpretation, phrasing, and control of tempo
  - clear and appropriate articulations or diction
  - suitable instrumental or vocal tone quality
  - proper poise and posture
- Piano and voice music majors are expected to memorize their Jury pieces. Students **may not** perform a work they played in Performance Class that term.

---

3. Evaluation of the “ensemble grade” –

A complete explanation of your ensemble evaluation criteria may be found on the ensemble’s syllabus. Common criteria include:

*A student should demonstrate or display:*

- Technical accuracy, involving correct pitches, rhythm, and intonation
  - Good ensemble skills (balance, timing, entrances, etc.)
  - Proper poise and posture
  - Good attendance (no unexcused absences) and attitude, including punctuality for rehearsals and performance attendance
  - Evidence of practice and preparation
  - Ability to take direction and, when appropriate or necessary, lead
  - Intellectual curiosity about the works being prepared for performance
- Growth as an ensemble member

• **E. A NOTE ON CONCERT DRESS**

When performing or working at Moravian University, you should consider what you wear and how you wear it. These recommendations apply to all performances sanctioned by Moravian University including those in the greater community (tours, run-out performances, master classes, music festivals, etc.).

Here are some general guidelines:

1. When representing the University, what is appropriate for the public in casual situations may not be appropriate for musicians in the public view. Your clothing (or lack thereof) and jewelry (including piercings, as well as tattoos) should not be a distraction or interfere with another person's enjoyment of any performance.
2. When performing in a concert as **member of an ensemble**: Follow the guidelines provided by the director/syllabus, or follow the same guidelines outlined for a recital.
3. When performing in a **recital or master class**: Men should wear formal wear (tux with low-heeled/ soled dress shoes with black crew socks) or a black or navy suit and tie. Women should wear a tailored pantsuit, dress or gown, with appropriate footwear. (This applies to accompanists as well).
4. When performing in **performance class or juries**: Dress should be neat and professional (think how you would dress for an indoor-job interview).
5. When **working a concert or recital**: Wear all-black unless otherwise notified. Cell phones, lanyards and large key rings should not be in view.
6. When **attending a concert or recital**: Think business casual; you do not want to be a distraction to the performers or other audience members.

---

## V. RECITALS

---

- **A. GENERAL**

---

Recitals are required of Bachelor of Music majors and Bachelor of Arts majors in the Pre-Music Therapy track:

1. **Music Education majors and Pre-Music Therapy Track B.A. majors** must perform a public recital of 20-30 minutes of music on their primary instrument or voice in the fall term of their senior year.
2. **All other B.M. majors (Performance, Sacred Music, and Composition)** must perform a half recital of 20-30 minutes of music in the junior year and a full recital (45-60 minutes of music) in the senior year.
3. During their senior year, **Composition majors** may complete a recital or a project. If the composition major opts for a recital, the recital will include the student performing on his/her primary instrument or voice, as well as compositions by the student. The student's compositions may be performed by others. The "project" for composition majors is a substantial piece of music that is at least 30 minutes in length. There will be a public presentation of the Project, preceded by a talk to the audience and following by a Question-and-Answer time. A description of the projects needs to be approved by the Project Advisor and Department Chair before the end of the term prior to the semester the project is to be presented and graded.
4. **Credit**. Students must register for MUS 375.x (1<sup>st</sup> recital) and MUS 376.x (2<sup>nd</sup> recital).

---

- **B. REPERTOIRE**

---

The recital repertoire should be representative of the major composers, genres, and epochs in the literature for the specified instrument or voice. More importantly, music selected should be truly indicative of the skill level of the student; it is better to perform a simpler piece well, than a selection beyond the technical or musical capabilities of the student poorly. **All of the recital repertoire (including encores) must be approved and coached by the primary teacher.**

---

- **C. RECITAL DATE**

---

Due dates for recital requests are announced in the fall for the following academic year. Students required to do a recital will receive a recital contract to be returned by the date indicated on the Request form. **Requests from Bachelor of Arts students and music minors, with the exception of students in the Pre-Music Therapy track, will be approved by the full-time faculty on an availability basis.**

---

• **D. SUPERVISION**

All student recitals must be supervised by a faculty member, who is compensated for the additional set of lessons/rehearsals. This supervising faculty member must teach and coach all works on the recital, including all solos, accompanied works, ensembles, and encores. The supervising faculty member reserves the right to disallow a piece on the recital if it is not prepared, appropriate for public performance, or coached by the supervising faculty member. The supervising faculty member may cancel the student's performance if the student is not prepared.

---

• **E. GRADING**

1. A grade for a student recital is submitted on a recital rubric form by the supervising faculty member to the department chair no more than one (1) week after the recital. **A private instructor who is unable to be present at the student recital must 1) obtain approval of a designate to attend the recital and fill out a recital rubric and 2) request that the recital be recorded (audio and/or video) for later viewing.** After the recital, the designee will give the form to the supervising faculty member, who will watch the video, listen to the audio recording, write additional comments on the rubric, and assign the final grade on the rubric before turning it in to the department chair.
2. Failure by the student to submit edited programs and notes to Bill Bauman and the department chair four (4) weeks before a recital will result in a reduction of one (1) to ten (10) points.
3. If programs and notes are submitted less than one (1) week before the recital, students will be required to announce their programs from the stage during the recital, resulting in a 10-point loss. Student-published recital programs may not be distributed at music department recitals.
4. **PLEASE NOTE: PLAGIARISM** of any kind will not be tolerated. Program notes using any text taken from outside sources without annotation will be rejected. Anyone submitting plagiarized notes will suffer a penalty in the recital grade. The Office of the Provost will be informed. All students are expected to follow the Academic Code of Conduct at all times found in the Moravian University course catalogue.

---

• **F. ACCOMPANISTS**

1. Student pianists preparing accompaniments are expected to go over the accompaniment with their piano teacher. Performances at the beginning of a term should be planned the previous term or during the summer.
2. All piano music majors are expected to accompany. Other students wanting to prepare for this opportunity may sign up for Accompanying or Collaborative Piano through their music advisors.

---

• **G. ACCOMPANYING POLICY**

1. The Music Department will compensate a non-student accompanist for up to four (4) hours of rehearsal, plus the recital. The four hours should not be scheduled over more than six (6) rehearsals. Additional hours become the responsibility of the student, at a suggested rate of \$30/hr. These additional hours are negotiable between the accompanist and recitalist.
2. When planning a recital, or if a piece for Performance Class or Jury is too difficult for a student accompanist, contact Dr. Martha Schrempel to obtain a list of accompanists; you will then be responsible for securing the services of the outside accompanist. If you are working with an accompanist on the list provided, you are not required to check with Dr. Schrempel in advance or notify her once you have an accompanist. However, if a professional is hired who is not on the list, then, students must consult with Dr. Schrempel, Bill Bauman, or the chair, in order to make sure the hired professional understands and accepts the department's pay scale for accompanying. The department only pays for a single accompanist for any given event. Accompanists for recitals must be requested at least (4) weeks before the recital.
3. Performers need to be prepared to supply a legal copy of all pieces in the recital when selecting an accompanist. Accompanists should see all of the music requested before accepting the assignment.
4. Jazz recitalists are required to have at least one jazz faculty member play on the recital.

---

## • H. PROGRAMS AND PROGRAM NOTES

---

All recitalists are required to research and write program notes for their recitals, with input from **their private teachers**. Performers featured on the Department or Institute concert series are expected to recognize that they represent the Department and University. In the spirit of academic and artistic freedom, performers are not prohibited from expressing themselves as individuals, but the Music Department reserves the right to impose reasonable standards of writing when the use of its facilities or students are involved.

---

### 1. Departmental guidelines for programs

Program submissions should include:

- edited (appropriately capitalized and punctuated) recital programs and notes *four (4) weeks before the recital date* to Bill Bauman and the department chair. **The materials must be submitted electronically in Microsoft Word or a shared Google Doc (not Apple's Pages, nor any other text editing application).** PDF is unacceptable.
  - a complete listing of titles with the year composed and any movements to be performed in the order of performance
  - any opus or catalogue numbers (Köchel numbers for Mozart, etc.)
  - complete composer and arranger names with birth years and any death years
  - indicate who is performing each piece
  - approximate timing of your recital or half recital; a full recital should include 45-60 minutes of music, a half recital 20-30 minutes
- 

### 2. Departmental guidelines for program notes

See Appendix C for example program notes. Notes should include:

- the full title of the work appropriately capitalized and punctuated, the titles of any individual movements, and whether the full work or parts of the work will be performed
- any opus number or other catalogue information (Köchel numbers for Mozart, etc.)
- the date of composition or premiere
- the full name of the composer and his or her dates and location of birth and death
- a discussion of the circumstances of composition and/or premiere, possibly including location, intended audience, "rain washed out the premiere so the sonata was not performed until Brahms returned to Vienna," and the like. Was the work commissioned? Was it written for a specific artist? Is this the first work to be performed at the North Pole?
- full instrumentation; if vocal, provide the complete text in the original language and an English translation
- something of the political, social, or cultural context that might have influenced it - "Beethoven wrote this work for his patron, Prince Frederick Wilhelm II, an enthusiastic amateur cellist." "Britten refused military service in World War II, and his pacifism is evident in the selection of poetry used in the *War Requiem*."
- any importance to the composer's professional life, and sometimes his or her personal life as well. "Berlioz's *Symphonie fantastique* was his first major work to be performed in public. His infatuation with the Irish actress Harriet Smithson, whom he believed had no interest in his courtship, explains the sequence of changes in the *idée fixe*, which appears as a dream of the beloved in the first movement but is transformed into a hateful jeer, played by the nasal e-flat clarinet, in the finale."
- comments of interest to anyone attending your recital, whether they be family, friends, fellow students, teachers, or complete strangers. The program notes do allow personal reflection: for works that the performer has composed or arranged, he or she may discuss choices just as any other composer or arranger might. However, "I chose this work because I liked the movie it came from" and similar statements have no place in professional or academic notes
- information directly related to the pieces being performed, not the performer's personal opinions about

repertoire or instruments. Thus, it is inappropriate to talk about your personal experiences.

- information for a **general audience**, not a musically-educated one. Steer away from detailed descriptions of pieces, especially descriptions that involve a lot of musical terminology. If you do use musical terminology (ex.: fugue, modulation), provide definitions for your audience as well.
- information regarding a composer's life that may be interesting, related to the specific piece of music, instrument, or style in use in the performance. Research will help you avoid "gossip" about a composer
- guides to the audience as to what to listen for in music. Avoid stating your own opinions about the piece that might cause the audience to form a negative opinion about a piece
- explanatory paragraphs about the pieces being performed. They are not the place for acknowledgments or biographical statements.
- writing that reflects the personality of the individual program note writer which might include humor related to the performance. However, avoid getting so carried away with being witty that you lose the substance of the notes or trivialize either the piece or the performers; that is to say, do not be cute just for the sake of being so.

---

### 3. Departmental guidelines for biographies

- Write biographies that read similarly to newspaper articles. Audiences want to know about you and the other performers
- Personal thank-you's belong in personal notes sent to individuals or delivered personally at a post-recital reception (should you chose to have one). Only thank those who had a direct connection to this recital – the people who helped with invitations, who brought food for a reception, performed with you, or sent money to sponsor: Winton Marsalis in that third piece. Aunt Tia from Toledo who started you out, Uncle Andy in Ames who had faith in you, and Mr. Voce who gave you voice lessons when you were young, all deserve a personal note or an in-person thank you. Save the list for your Grammy speech and memoires (and remember to send money back to Moravian as an alum!). And a final note regarding thanking people in public: you will feel bad, because you will forget someone – everyone does
- Everyone performing on your recital deserves a biography in your program. If they are recalcitrant, check with Bill Bauman to see whether he has a bio from a previous program. But, know that it is much easier (and more current) for the staff to use your provided materials than to search for past bios

## VI. PIANO REQUIREMENTS

All students in the Bachelor of Music concentrations must successfully complete both piano techniques courses (MUS 136.1 Beg. Piano Tech and MUS 236.1 Piano Tech II) in order to graduate.

1. Sight-read a simple song that uses a I, IV, V accompaniment
2. Sing and play a simple song that uses a I, IV, V accompaniment
3. Play an accompaniment (Alberti, waltz, march) to a sight-read melody

In spring semester of the second year, as with other B.M. music majors, prospective music education majors will be reviewed and evaluated. Students unable to successfully pass all aspects of the assessment must change concentrations in Music, or to another academic major. Prior to course registration for the subsequent fall term, B.M. majors must meet the following requirements and standards:

1. maintain at least a 3.0 GPA in music courses, and a 2.7 GPA overall
2. receive no more than one unsatisfactory end-of-semester jury grade (below a 70 average).

### **Transfer Assessment**

Transfer students in the Bachelor of Music Education track will be assessed following their first completed term, with the same guidelines as listed above for the sophomore assessments.

---

### **Testing Requirements for Certification in Music (PK-12) in Pennsylvania**

#### **1. Act 55 of 2022 Basic Skills Assessment Moratorium**

Act 55 of 2022 signed into law by Governor Wolf on July 8, 2022 requires the Secretary of Education to waive the requirement to satisfactorily complete the assessment of basic skills required under section 1207.3 and 22 Pa. Code § 49.18(c) (relating to assessment) for 3 years from July 8, 2022 through July 8, 2025. This applies to all students who enter preparation programs during this period as well as otherwise qualified candidates for licensure who make application during this period.

2. Two (2) content knowledge Praxis Level II tests administered by ETS are also required. Content knowledge tests should be taken prior to student teaching. Candidates applying for certification in music (Pre-K-12 programs) must pass the Praxis II Fundamental Subjects: Content Knowledge test and the appropriate Praxis II subject test prior to being granted certification. Information on these tests is available at the Educational Testing Service (ETS) website <http://www.ets.org/praxis/pa/requirements>.

The Pennsylvania Department of Education (PDE) periodically revises testing requirements. Students should consult regularly with their Education Department advisor and the Pennsylvania Department of Education website for updates from PDE:

<https://www.education.pa.gov/Educators/Certification/CertTestingRequirements/Pages/default.aspx> [http://www.portal.state.pa.us/portal/server.pt/community/testing\\_requirements/](http://www.portal.state.pa.us/portal/server.pt/community/testing_requirements/)

Because the Moravian University Education Department must approve every student's certification, it is necessary to have test scores sent to the University. This is done on the examination's registration form.

The Commonwealth of Pennsylvania awards certification to candidates who have passed the required tests and who have been recommended by educational institutions with accredited, state-approved programs.

---

### **Clearances**

Students enrolling in a course that includes a field experience must complete and submit forms required by the Pennsylvania Department of Education. Mandated documents need to be approved by the University's director of field experiences. These clearance documents include the FBI Federal Criminal History Record (Act 114), the Pennsylvania State Police Criminal Record Check (Act 34), and the Pennsylvania Child Abuse History Clearance (Act 151).

The **FBI Federal Criminal History Record** fingerprinting process details are found at <https://uenroll.identogo.com/>. The service code for education is **1KG6RT**.

The **Pennsylvania State Police Criminal Records Check (Act 34)** clearance can be obtained by logging on to <https://epatch.state.pa.us/> and clicking on **Submit a New Record Check** (not Volunteers Only).

The **Mandated Reporter Training and Certificate (ACT 31)** while this free online training is not mandated by the state, it is required by many school entities and Moravian University. Training can be completed at <https://www.reportabusepa.pitt.edu>

Some clearance documents take up to four weeks for completion, so students need to plan accordingly. Students who need to update their clearances or obtain initial clearances must submit original clearance documents to the Education Department in a digital format run by X Medius. Clearances must be uploaded to a personalized virtual **SAFEBOX** which allows for the safe deposit of sensitive documents. Clearances will be reviewed and approved before students will be permitted to participate in field experiences. Please note that the last opportunity to add a course is by 4:00 P.M. on the last day of the drop/add period. The clearance documents must be valid for the entire academic semester the student is in a field experience. Students will be placed in field experiences only when all background checks indicate that no record exists. Information concerning how to obtain and submit these forms is available in the Education Department and on the **Education Department website**. In addition, the Pennsylvania Department of education requires that all students participating in a field experience complete an **Act 24** (Arrest Conviction Report and Certification Form). Form can be downloaded at <https://www.education.pa.gov/Educators/Clearances/Laws/Pages/Act24.aspx>

Students in field placements must be tested for tuberculosis. An acceptable test must be administered not more than three months before the first day of any field experience. A form indicating negative results of the test must be signed by a nurse or physician and submitted to the Education Department prior to beginning a field experience. Students will not be allowed to start a field experience until all required documents have been reviewed and copied. Students should contact Doris Correll, Director of Field Experiences, if they have questions regarding field experience

---

See the Curriculum Sheets in this handbook for descriptions of the normal, four-year, full-time courses of study.

---

### Sophomore Assessment

In spring semester of second year, prospective performance majors will be reviewed and evaluated. Prior to course registration for the junior fall term, the following requirements and standards are expected of performance majors:

Should a student fail to meet the above requirements, he or she will be instructed to choose a different degree program in music or in another discipline. Additionally, that student could, with the permission of his/her advisor and the Academic Standards Committee, create an Individually Designed major.

---

### Assessments of Transfers and Degree Changes

Transfer students in the Bachelor of Music Performance track will be assessed following their first completed term, with the same guidelines as listed above for the sophomore assessments. Students switching from his/her current degree and/or track to another within the Music Department will be assessed using the same guidelines as listed above for the sophomore assessments.

---

## APPENDIX C—SAMPLE PROGRAM NOTES

Felix Mendelssohn-Bartholdy (1809-1847): “Scherzo” and “Nocturne” from *A Midsummer Night's Dream*

Like Mozart, Felix Mendelssohn had a tremendous natural musical talent that emerged early in his life. Also like Mozart, Mendelssohn was a gifted pianist. Indeed, Mozart's style and compositions serve as a model for much of Mendelssohn's music, which is often described as having a “Classical sound.” In a way, both Mozart and Mendelssohn were children of the Enlightenment, the philosophical movement espousing rationalism and intellectualism, individualism, and universal education which led to the development of the “Classical style”: Mozart lived in the time of the Enlightenment, and Mendelssohn's paternal grandfather, Moses Mendelssohn (1729-1786), was one of the leading philosophers of the Enlightenment.

Arguably Mendelssohn's most popular work is the overture to Shakespeare's *A Midsummer Night's Dream*, composed in 1827. The remaining incidental music was composed some fifteen years later, and includes twelve additional pieces to be added periodically throughout the play. The Scherzo, the first of the twelve, is intended as an interlude between acts one and two of the play. Its playful trills, strong accents, fast pace, rhythmic drive, and general mischievous sound represent well the character of Shakespeare's work, which is a comedy, as well as the nature of a scherzo, which literally means “joke.” The Nocturne, the seventh piece in the set, falls appropriately in Act IV as Demetrius, Helena, and Herminia sleep. This lush number features horns and bassoons, whose repeated horn-call-like passages evoke peaceful outdoor images while the not-entirely-human Shakespearean characters succumb to Morpheus' charms.

Beethoven Sonata in E-flat Major, Op. 27/1

The *Sonata in E-flat major, Op. 27/1* is one of two sonatas published in 1802 with the subheading “*sonata quasi una fantasia*.” (The other is the more famous “*Moonlight*” *Sonata*.) These two Op. 27 sonatas are Beethoven's last from his early compositional period, and he demonstrates once again his preference for warping convention and challenging audience expectations. Here, the term “sonata” indicates that the work is to be played, as opposed to sung, informing us of little more than that. To say that it is irregular is indeed an understatement. The work reveals itself to the audience in this manner:

Tempo (speed)	Key	T.
<i>Andante</i> [a moderate tempo]	E	4
<i>Allegro</i> [fast]	C	6
<i>Tempo I (Allegro)</i> [again moderate]	E	4
<i>Allegro molto vivace</i> [very fast]	C	3
<i>Adagio con espressione</i> [moderate with]	A	3
<i>Allegro vivace</i> [very fast]	E	2
<i>Adagio</i> [slow]	E	3
<i>Presto</i> [very fast]	E	2

All these changes of tempo, meter, key, and character are to be performed “*attacca*”—without pause—so the traditional boundaries distinguishing various movements of a piece are lost. In truth, one might wish to group these together into larger sections -- perhaps the first three (since the first and third sections use similar music), the next one by itself (the c minor), then the *adagio*, and the final group as a single unit. We gain little in doing so, except to discover that even using this organization, Beethoven defines tradition. Whether considered as four movements or eight sections, this sonata is governed by the *fantasia* label. It is quirky and capricious, hinting towards convention in using both reprise and variation of themes, and not straying too remotely in tonality. More than any other work on this program, the *Sonata in E-flat major, Op. 27/1* is the musical embodiment of Beethoven's improvisational fluency. In this sense, it is a musical oxymoron: it feels as though it is occurring spontaneously, yet the music was composed, written down, and thus it is not.

## APPENDIX D–RECOMMENDED PRACTICING

### Recommended Practicing for Applied Lessons

#### Practice/Grading Rubric

The following charts have been constructed for several reasons:

- To give students an idea of what is expected of them in regards to amount of daily practice.
- To allow students to have control over their grade (They can ‘settle’ for a ‘B’ if they so choose)

The following charts:

- Are not intended to be the only criteria for grading applied lessons
- Were intended to be used with some kind of practice log that the student themselves fills out for every lesson.

#### Lesson Practicing Rubrics

## APPENDIX E - HEALTH AND SAFETY RESOURCES

**Introduction:** As students prepare for a career in music, they need to be aware of specific health and safety issues. The private lesson teachers take responsibility for promoting health and safety as they relate to the voice or instrument specialty. The ensemble directors are particularly careful to maintain safe environments, especially as they relate to acoustics and hearing concerns. In addition, guest speakers and presenters will continue to be invited to Performance Class and workshops to specifically address various topics. **If you are concerned about your health, talk with a medical professional.**

Note: “Health and safety depend in large part on the personal decisions of informed individuals. Institutions have health and safety responsibilities, but fulfillment of these responsibilities can and will not ensure any specific individual’s health and safety. Too many factors beyond any institution’s control are involved. Individuals have a critically important role and each is personally responsible for avoiding risk and preventing injuries to themselves before, during, and after study or employment at any institution.” National Association of Schools of Music (2012). *Handbook 2011-12*, 67.

## Protecting Your Hearing Health

### An NASM – PAMA

#### Student Information Sheet on Noise-Induced Hearing Loss

- Hearing health is essential to your lifelong success as a musician.
- Your hearing can be permanently damaged by loud sounds, including music. Technically, this is called Noise- Induced Hearing Loss (NIHL). Such danger is constant.
- Noise-induced hearing loss is generally preventable. You must avoid overexposure to loud sounds, especially for long periods of time.
- The closer you are to the source of a loud sound, the greater the risk of damage to your hearing mechanisms.
- Sounds over 85 dB (your typical vacuum cleaner) in intensity pose the greatest risk to your hearing.
- Risk of hearing loss is based on a combination of sound or loudness intensity and duration.
- Recommended maximum daily exposure times (NIOSH) to sounds at or above 85dB are as follows:
  - 85 dB (vacuum cleaner, MP3 player at 1/3 volume) – 8 hours
  - 90 dB (blender, hair dryer) – 2 hours
  - 94 dB (MP3 player at ½ volume) – 1 hour
  - 100 dB (MP3 player at full volume, lawnmower) – 15 minutes
  - 110 dB (rock concert, power tools) – 2 minutes
  - 120 dB (jet planes at take-off) – without ear protection, sound damage is almost immediate
- Certain behaviors (controlling volume levels in practice and rehearsal, avoiding noisy environments, turning down the volume) reduce your risk of hearing loss. Be mindful of those MP3 earbuds. See chart above.
- The use of earplugs and earmuffs helps to protect your hearing health.
- Day-to-Day decisions can impact your hearing health, both now and in the future. Since sound exposure occurs in and out of school, you also need to learn more and take care of your own hearing health on a daily, even hourly basis.
- It is important to follow basic hearing health guidelines.
- It is also important to study this issue and learn more.
- If you are concerned about your personal hearing health, talk with a medical professional.
- This information is provided by the National Association of Schools of Music (NASM) and the Performing Arts Medicine Association (PAMA). For more information, check out the other NASM-PAMA hearing health documents.

## APPENDIX F – PROBATIONARY CONDITIONS FOR INCOMING MUSIC MAJORS

Faculty may recommend an incoming student be accepted as a music major on probation. These students must meet certain benchmarks in order to remain a music major and remove probationary status.

These conditions include:

- Earning an 80/100 (or above) in their jury exam the following semester.
- Earning an 80/100 (or above) in MUS 140.1 Musicianship I.

Students not achieving these benchmarks can petition the full-time music faculty to extend the probationary period. Requests for an extension of the probationary status will be considered and granted on a case-by-case basis.
