### EARLY DECISION OPTION

If Moravian College is your first choice, you may choose to be a candidate for Early Decision. Early Decision candidates must apply for admission by February 1. Decisions on admission will be sent starting December 15. ***If you choose the Early Decision option, you make a commitment to attend Moravian and, upon acceptance, agree to withdraw all other college applications.*** Only students who are ready to make a deliberate and well-reasoned first-choice decision should apply under the Early Decision plan. (International Student Scholarship candidates are not eligible to apply for Early Decision.)

The Early Decision commitment: Moravian College will strive to make generous awards to students admitted under the Early Decision program. In many cases, these awards fully meet the students' demonstrated financial need as calculated by the College.

#### Do you choose to be a candidate for Early Decision?

Yes, I wish to be considered as an Early Decision candidate. If I am accepted under the Early Decision plan, I will matriculate in the fall. In addition, I understand that, if accepted under Early Decision, I must withdraw all my applications (if any) to other institutions and make no new ones. I further acknowledge that it is a violation of the agreement for an applicant to be an Early Decision candidate at two or more institutions at the same time. By checking this item and signing our names below, we acknowledge the terms of the Early Decision commitment.
