

Hope Lodge Donation Drive

Colleges Against Cancer works in cooperation with the American Cancer Society to help raise funds for groundbreaking research, support education efforts, and provide free information and services for cancer patients.

For some patients, receiving treatments means traveling far from home, adding the additional burden of travel and lodging expenses. The Hope Lodge of Central Pennsylvania offers lodging at no cost for cancer patients being treated in the central Pennsylvania area.

Hope Lodge facilities are a “home away from home” made available at no cost to patients undergoing active outpatient treatment for cancer. However, to provide a warm and caring atmosphere for cancer patients at no cost, Hope Lodge relies upon the continued support and donations of the community. The Hope Lodge of Central Pennsylvania in Hershey has an ongoing need for many types of items. By donating items on their wish list, you will help to make the Hope Lodge a true “home away from home” for their future guests.

Please consider bringing an item from their wish list below to Family Weekend to help support the community and to join the fight against cancer. A box for donations will be provided in the HUB on Saturday, September 24 and a table will be available at Bark For Life on Sunday, September 25.

Thank you for your support!
Colleges Against Cancer

Hope Lodge®
