

MORAVIAN COLLEGE
MORAVIAN THEOLOGICAL SEMINARY

FACULTY EDUCATIONAL AND
CREATIVE ACHIEVEMENTS 2018

APRIL 17, 2019

An October 2018 article in the Chronicle of Higher Education listed four qualities that powerful teachers have in common: personality, presence, preparation, and passion. These traits are all in evidence in the educational and creative achievements accomplished by Moravian faculty during 2018. The level of creativity, preparation, and commitment to one's discipline and subject matter give Moravian students the inspiration to learn, to explore new areas of knowledge, and to grow into productive citizens. The highlights of achievements include art shows, presentations, posters, grants, and regular columns. Faculty shared their expertise and research in nearby venues, such as the Lehigh Valley and Hershey, across the country in Boston, San Diego, New Orleans, and Las Vegas, and abroad in Goleniow, Poland, and Vancouver, Canada. This level of engagement shows a deep dedication to the pursuit of life-long learning.

It is with great pride that I host the 4th Annual Educational and Creative Achievements reception for the Moravian Faculty.

Cynthia Kosso, PhD

Provost and Dean of the Faculty
