**The Career Center provides the following services to
current Comenius Center students:**

- Referral to known career development professionals and services.
- Students are welcome to attend any Career Center workshops. Please see our website for upcoming events.
- Use of Career Library materials available in the Career Center and online resources.
- Access to Career Hound, the Career Center online career management system.
- Access to career exploration assessments.
- Access to Career Fairs.

Individual appointments are available during the summer session, when normal service delivery demands are reduced. A limited number of individual appointments are available to Comenius Center students during January as well.

To determine the availability of individual appointments you may contact the Career Center at 610-861-1509. Please indicate that you are a Comenius Center student and provide your name, status, and a brief description of your concerns. All requests will be considered and we will respond within three business days.
