

# GENERAL SCIENCE 7-12 CERTIFICATION

## MASTER OF ARTS IN TEACHING PROGRAM

The mission of the secondary general science program is to prepare professionals who understand that pedagogical choices grow from a deep understanding of the disciplinary knowledge for each area of the sciences they are allowed to teach in relation to a consideration of the unique needs of learners being taught. That consideration honors the diverse nature of students in the classroom and grows from an understanding of the community being served. Starting with this pedagogical-content knowledge, candidates construct standards-based plans that are grounded in a study of best practice as defined by research, models of excellence in the field, and creative contemplation. Such construction forms the foundation of a practice pushed forward by reflection, thoughtful revision, and dialogue with other professionals. Candidates understand that this practice grows throughout ones career.

### Course Requirements

#### Professional Education Courses Required for Certification

- EDUC 502.2** Intro. to the Education of English Language Learners (spring)
- EDUC 503** Student Development & Instructional Design (40 hr Stage 1&2 Field Exp)
- EDUC 507** Culture, Community & Diversity: Intro. to Critical Pedagogy (40 hour Stage 1&2 Field Experience/ fulfills M3)
- EDUC 530.2** Computer Technology in the Classroom
- EDUC 534** Including Students with Disabilities (spring or during Junior year)
- EDUC 540** Reflective Teaching (offered fall only; 40 hour Stage 3 Field Exp.)
- EDUC 564** Curriculum and Instruction in Secondary - Science (offered fall only; 110 hour Stage 3 Field Experience)
- EDUC 575-7** Student Teaching
- EDUC 578** Seminar in Secondary Student Teaching

#### General Science Major Requirements in Science and Science-Related Areas Interdisciplinary (1 Course)

- IDIS 320.2** Writing in Science Education (writing intensive)

#### Mathematics (1 or 2 Courses)

- MATH 170** Analytic Geometry & Calculus I (may substitute equivalent Math 106 & 166)

#### Biology (3 Courses)

- BIOL 100** Principles of Biology OR
- BIOL 112** General Zoology
- BIOL 107** Environmental Science OR
- BIOL 360** Ecology
- BIOL 119** Introductory Botany

#### Chemistry (2 Courses)

- CHEM 113** General Chemistry I
- CHEM 114** General Chemistry II

#### Physics (2 Courses)

- PHYS 109** Physics for Life Science I OR
- PHYS 111** Introductory Physics I
- PHYS 110** Physics for Life Science II OR
- PHYS 112** Introductory Physics II

#### Earth Sciences (3 Courses)

- EASC 110** Introductory Geology
- EASC 120** Meteorology
- EASC 130** Astronomy

#### Additional Course Units in Science (3 courses)

In this sequence, two courses are to be upper level courses numbered 210 or above from one department (biology, chemistry, physics, geology or astronomy. Advanced work in geology or astronomy is available through cross-registration with Lehigh University). When appropriate, students are encouraged to be laboratory assistants in one of the science areas.

#### Teacher Action Research

- EDUC 500** The Teacher as Inquirer

EDUC 506	The Teacher as Researcher	(Course Requirements Continued)
EDUC 508	The Teacher as Evaluator	
EDUC 700	Curriculum Development and Action Research	
EDUC 701	Writing a Review of Educational Research	
EDUC 702	Reflective Practice Seminar	
EDUC 704-5	Literacy-Based Action Research Thesis	

## The Field Experience Program

The purpose of the field experience is to provide students with appropriate classroom experiences at each level of their coursework. These experiences are meant to assist the student in determining whether teaching is an appropriate career choice.

Several courses in the professional education sequence require day-time field experiences. These are: EDUC 503, Student Development & Instructional Design, and EDUC 507, Culture, Community & Diversity: Intro. to Critical Pedagogy, both of which require a 40 hour Stage 1&2 field experience; EDUC 540, Reflective Teaching in Secondary Schools, with a 40 hour Stage 3 field experience; and EDUC 564, Curriculum and Instruction in Secondary - Science, with a 110 hour Stage 3 pre-student teaching field experience. The Education Department's Director of Field Experiences is responsible for securing all field placements which will be in local public or private schools. Candidates who are not able to complete these experiences will be required to take EDUC 586.2 Early Field Experience or EDUC 558.2 Pre-Student Teaching Field Experience I prior to acceptance into student teaching.

Stage 4 Student Teaching is the culminating experience of the teacher preparation program. It takes place under the supervision of qualified program faculty and cooperating teachers. Student teachers will have two placements during the semester. All U.S. placements are in Pennsylvania schools near the College. In addition to the daily classroom experience, students are required to attend a weekly seminar with their College supervisors.

## Clearance Requirements

There are three clearance checks required of ALL STUDENTS by the Pennsylvania Department of Education at every level of Field Experience. These are: FBI Federal Criminal History Record, Pennsylvania State Police Criminal Record Check, and Pennsylvania Child Abuse History Clearance. Students will be placed in field experiences only if all background checks are clear of record. Clearances must be updated annually and valid for the entire field placement. Unless clearances have been updated, students will be unable to register for Education courses with field experiences.

In addition, all students must have a TB test within three months of the start of any field placement.

## Important Guidelines

- Students must have an overall GPA of 2.7 in order to take education courses numbered above 510.
- All education courses must be completed prior to beginning student teaching. No other courses should be taken during the student teaching semester.
- Students must have prior written approval by the program coordinator if they plan to complete any of these courses at another institution.

## The Requirement for Basic Skills Assessment

Students in all Pennsylvania Instructional I teacher certification programs must successfully complete basic skills assessments in reading, mathematics and writing. Currently there are two testing options. You may take either the Pearson PECT Pre-service Academic Performance Assessment (PAPA) or the ETS Praxis Core Academic Skills for Educators (CORE) exams. Please consult test provider websites for additional information regarding test content, testing locations and registration procedures. See: <http://www.pa.nesinc.com>, select 'tests', then 'PAPA' and/or <https://www.ets.org/praxis/about/core/>.

Students may qualify for exemption from the basic skills assessment exams based on their SAT or ACT scores. Please contact the Education Department regarding exemptions and other test related questions you may have.

Candidates are encouraged to take the PAPA or CORE exams prior to or during the sophomore year. If not exempt, all teacher certification candidates will be required to pass these tests prior to admission into the teacher certification program and participation in any Stage 3 Field Experiences.

A content knowledge Praxis Level II tests administered by ETS is also required. Content knowledge tests should be taken after most appropriate course work has been completed, but prior to student teaching. The Praxis Series Registration Bulletin found online at: <http://www.ets.org/praxis/about/bulletin/> will have the most up-to-date information. Test scores should be reported to Moravian College (RA2418) and the Pennsylvania Department of Education. Students who test in another state must list PDE as a score recipient to avoid processing delays of their teaching certificate. Test results for in state tests are automatically reported to the Pennsylvania Department of Education.

For additional information, contact Dr. Tristan Gleason at (610) 861-1452, or email at [gleasont@moravian.edu](mailto:gleasont@moravian.edu).

## Program Advisors

**Physics & Earth Science: Dr. Kelly Kriebel**  
(610) 861-1437 | [kriebelk@moravian.edu](mailto:kriebelk@moravian.edu)

**Education Department Chair: Dr. Joseph Shosh**  
(610) 861-1482 | [shoshj@moravian.edu](mailto:shoshj@moravian.edu)

**Director, Secondary Education: Dr. Tristan Gleason**  
(610) 861-1452 | [gleasont@moravian.edu](mailto:gleasont@moravian.edu)

**Post-Baccalaureate Advisor: Dr. John Dilendik**  
(610) 861-1557 | [dilendikj@moravian.edu](mailto:dilendikj@moravian.edu)

### Testing Requirements for General Science (7-12)

1

#### Basic Skills Assessments

(Administered by Pearson or ETS)

**\*PAPA Modules:**  
Reading/Math/Writing

**\*or CORE Modules:**  
Reading/Math/Writing

**\*or testing EXEMPTION**  
based on SAT/ACT scores

**\*REQUIRED PRIOR TO**  
Acceptance into the Teacher  
Certification Program and  
Participation in  
STAGE3 PST Field Experiences.

2

#### Content Area Test

(One Required,  
Administered by ETS)

**\*\* General Science:**  
**Content Knowledge**  
**Test Code: 5435**

**\*\*REQUIRED PRIOR TO**  
CERTIFICATION IN PENNSYLVANIA.
