

We're excited to see families on campus on September 19th. At this time the event is full and reservations have been closed.

- How does Family Day Tailgate work?
 - Families will be assigned to three parking spots in Lot X. Vehicles will enter Lot X from Mauch Chunk Road and will be greeted at the registration tent. An event volunteer will show you where to park.
- Can I order Family Day t-shirts? How do I order food tickets?
 - As of Wednesday, 9/16, we're not able to add additional food tickets to the registration. But we're BYOF&D! We welcome you to bring your own food and drinks to the tailgate.
- How will I know I have successfully reserved a spot?
 - The person who registers for Family Day will receive an email confirmation with details regarding check in and parking. Please print your food tickets at home for contactless confirmation of your purchase. As a gentle reminder, we are only able to accommodate the number of people you originally registered. For example, if you registered for 3 people in total to attend, we are not able to accommodate more than 3 people in your party.
 - If you have questions about your reservation please contact Vivianna Samite-Estevez at samitev@moravian.edu.
- Why did you change the format this year?

- Due to CDC guidelines and the need to maintain only 250 people per outdoor space in the state of Pennsylvania, we needed to be a little revolutionary about our approach! We didn't want to lose this great Moravian family tradition so we made some accommodations. There are two time slots so that we could welcome as many families as possible. There will still be a family-friendly DJ, food, chat time with representatives from departments and giveaways!
- Can I park near my friends?
 - Due to very limited capacity, we are going to assign spots on a first come, first served basis. Volunteers will be stationed in the parking lot to assist with parking and spacing. During the event, you are welcome to walk around and see others and meet up with friends!
- How many vehicles can we bring?
 - Each family can bring two cars to the event but your party cannot have more than four people. If your student would like to have their own car at the event it will count as one of the two cars. As a gentle reminder, we are only able to accommodate the number of cars (and people) you originally registered.
- Is there electricity?
 - Unfortunately no, there is no access to electricity.
- Am I allowed to bring my own food and/or drinks?
 - Yes, of course! We encourage you to bring whatever food, snacks, and beverages you'd like! Please remember there is no alcohol permitted and we ask that families do not share food.
- What should I bring?
 - Families are welcome to bring their own tables and chairs to the event. Feel free to bring games or cards, anything you'd like to use during your tailgate time with your student! Registered service animals are welcome to attend.
- Will I be able to go to my student's residence hall?
 - Sadly, no. At this time, we have a no guest policy in our residence halls, in all campus buildings, or in general spaces on campus. We ask that you remain in the parking lot tailgate area.
- What happens if it rains?
 - Unfortunately, there won't be a rain date. We will make a rain date call by Thursday, September 17 at 4:00pm and if we need to cancel you will receive a refund for food. If you ordered a shirt, we will make arrangements with your student to pick them up from the Student Engagement office.
- Since this is an outdoor event, will I be required to wear my mask and still maintain social distance?
 - Everyone will be asked to maintain physical distancing and if it's not possible to stay at least 6 feet apart then masks must be worn.
- I tried to sign up and it says it's sold out! Can I still sign up?
 - At this time, we have exceeded our capacity for guests to remain within the guidelines for the CDC. We are no longer able to add folks to the waitlist.
- I would love to bring my dog! Is that possible?

- Yes! You are welcome to bring your dog to campus. Your dog must be on leash for the duration of the event and must remain in your defined section with car and family. Please note that dogs will only be permitted in Lot X.
- I can longer attend Family Day. May I give my tickets to another family?
 - Tickets are non transferable. We are asking that you email Vivianna Samite-Estevez at samitev@moravian.edu to update your attendance.
