

Dear Plan Member,

Welcome to the RxBenefits family! **Moravian University** has partnered with RxBenefits and Optum Rx® to optimize your pharmacy benefits experience. RxBenefits is a team of more than 1,000 multidisciplinary experts dedicated to improving your safety, lowering overall drug costs, and helping you make the most of your prescription drug coverage.

What you need to know

This welcome packet is designed exclusively for you and includes helpful resources that provide important information about your pharmacy plan, including:

- **Prescription Benefits Coverage for Moravian University:** This document provides an easy-to-understand breakdown of all the important details of the coverage through your new pharmacy plan.
- **My RxBenefits Member Portal**
The portal includes information about ***Member.RxBenefits.com***, where you can access your pharmacy benefits information 24/7, from any device, view and download ID cards, access up to 18 months of claims history, and chat with live agents.
- **Details on Accessing Optum Rx's Website & Mobile App**
You can manage your medications anywhere, anytime, search for the nearest retail pharmacy, and check drug interactions from either the website or the app.
- **Contact Information for Member Services Team**
If you have questions about your benefits plan, our member services team can help.
- **Information on How to Sign-Up for Mail Order**
Learn how you can get up to a three-month supply of your routine medication(s) delivered safely and reliably right to your door to save time and money.

What's next

Your permanent ID card(s) will be sent to you shortly by Optum Rx. If you need to fill a prescription before your card(s) arrives, simply provide the pharmacy with the information on the card below to process your request.

Optum Rx®

RxBIN: 610011
RxPCN: IRX
RxGRP: RXBENEFIT

We are here to help

If you have questions about this letter, your covered medications, or prescription benefits, contact the RxBenefits Member Services team.

- **Chat with a live agent via the RxBenefits member portal:** Monday-Friday, 9:00 a.m. to 6:00 p.m. Central
- **Email:** CustomerCare@RxBenefits.com
- **Call:** 1-800-334-8134, Monday-Friday, 7:00 a.m. to 8:00 p.m. Central

Starting January 1, 2026, you will be able to create an account and log in to our member portal to access your prescription benefits information.

Access your pharmacy benefits information 24/7 from any device by registering on the My RxBenefits member portal at **Member.RxBenefits.com**.

Once registered, you can view and download your ID card, set up your communication preferences, access up to 18 months of claims history, chat with a live agent, and so much more.

Sincerely,
Your RxBenefits Team

Prescription Benefit Coverage

Moravian University | Administered by RxBenefits, Inc. and Optum, Effective January 01, 2026

Note: Members may contact RxBenefits Member Services at 1.800.334.8134 or visit optumrx.com. If there are any additional questions, please contact your Human Resource Department. Please note the effective date on this documentation is a reflection of the last update to this plan. This document is a current representation of the plan benefit at this time.

QHDHP w/HSA

Generic	\$37.00
Preferred Brand	\$87.50
Non-Preferred Brand	\$162.50

Questions?

Contact RxBenefits Member Services for information regarding the prescription drug program at 1.800.334.8134.

Accumulations

Deductible Non-Embedded	\$1,700.00 individual / \$3,400.00 family
--------------------------------	---

Maximum Out of Pocket Embedded	\$6,900.00 individual / \$13,800.00 family
---------------------------------------	--

The calendar year Deductible applies to pharmacy and medical claims. One member or any combination of family members can meet the family Deductible. Once met, your covered prescriptions are subject to the copays above. Generic Dispense as Written policy does not apply to the Deductible. The Deductible does apply to the Maximum Out of Pocket.

The calendar year Maximum Out of Pocket applies to pharmacy and medical claims. Each individual family member must meet the individual Maximum Out of Pocket unless the family Maximum Out of Pocket has been met by any two or more covered family members. Once met, your covered prescriptions are paid at 100%. Generic Dispense as Written policy does not apply to the Maximum Out of Pocket.

Specialty Medications

Specialty medications are high-cost drugs that are often injected or infused and require special storage and monitoring. These medications must be obtained through OptumRX specialty pharmacy by calling OptumRX at 1.855.427.4682. Some exceptions apply. These medications are limited to a 31-day supply. Specialty medications largely fall into the formulary brand category but could also fall into the biosimilar or generic specialty drug category. These medications are subject to the appropriate cost share as listed below. OptumRX Specialty Pharmacy also offers pharmaceutical care management services designed to provide you with assistance throughout your treatment.

Specialty Medication (01-31 Day Supply)	OptumRX
Specialty Generic	10% Co-insurance (\$125.00 Maximum)
Specialty Preferred Brand	10% Co-insurance (\$125.00 Maximum)
Specialty Non-Preferred Brand	20% Co-insurance (\$150.00 Maximum)

Retail and Mail Order Pharmacies

Moravian University participates in the Optum pharmacy network. Contact RxBenefits Member Services at 1.800.334.8134 to inquire about a specific pharmacy.

Weight Loss Medications

Select weight loss medications are covered under the plan: \$150 for a 30-day supply, \$450 for a 90-day supply. Medications affected include: Zepbound, Wegovy, Saxenda, Contrave, and Qsymia. For more information about what is covered, call 1-800-334-8134.

Manufacturer Copay Assistance Program (MCAP)

Some specialty medications may qualify for third-party copayment assistance programs which could lower your out-of-pocket costs for those products. For any such specialty medication where third party copayment assistance is used, you will not receive credit toward your maximum out of pocket or deductible for any copayment or coinsurance amounts that are applied to a manufacturer coupon or rebate. Your employer has elected to enroll in Optum's Copay Card Accumulator Adjustment program.

Generic Policy - Dispense As Written (DAW)

If you choose to buy the Brand name drug when a Generic equivalent is available, you will be required to pay the Brand copay/coinsurance plus the difference in cost between the Generic and Brand name drug.

Home Delivery Program

Questions?

Contact RxBenefits Member Services for information regarding the prescription drug program at 1.800.334.8134.

A medication that is used for chronic health conditions on an ongoing or long-term basis (e.g., antihypertensive medication taken daily to control high blood pressure). Your plan allows maintenance medications to be filled in 90-day supplies by mail order pharmacy or at a retail pharmacy location.

Preventive Medications

Your employer's plan is subject to the Affordable Care Act (ACA) which requires the coverage of a number of preventive items and services at 100% and ensures these items and services are not subject to deductibles, maximum out of pockets, or other limitations such as annual caps or limits. You may contact RxBenefits Member Services at 1.800.334.8134 if you have specific drug questions or register at optumrx.com to check drug costs and coverage.

Compound Drugs

For compound drugs to be covered, they must satisfy certain requirements. In addition to being medically necessary and not experimental or investigative, compound drugs must not contain any ingredient on a list of excluded ingredients. Any denial of coverage of a compound drug may be appealed in the same manner as any other drug claim denial under this coverage. Compounded medications equal to or exceeding \$300 per script will require prior authorization.

Step Therapy Program

Certain medications may be subject to step therapy. You could be asked to try one of the first or second level options before certain drugs are covered by the plan.

High Dollar Claim Review, Prior Authorization and Appeals program (HDCR)

Medication costs exceeding \$1,000 per 30-day supply and \$3,000 per 90-day supply require prior authorization.

Low Clinical Value Drug List (LCV)

Separate formulary exclusion list including low clinical value drugs, me too/chemically similar drugs, new to market drugs, and non-essential.

Formulary

A list of Food and Drug Administration (FDA) approved Prescription Drugs and supplies developed by a Pharmacy and Therapeutics Committee, and/or customized by Optum or RxBenefits. This list reflects the current clinical judgment of practicing health care practitioners based on a review of current data, medical journals, and research information. In your prescription drug coverage, the Formulary Drug list is used as a guide for determining your costs for each prescription. Drugs not listed on the Premium Formulary may not be covered. Your formulary is Premium Formulary.

The following lists are not all-inclusive, but rather are lists of the most commonly used prescription drugs. These lists are subject to change. The Optum formulary provides an up-to-date list of medications that may be covered by the program. The Optum formulary may be found online at optumrx.com. You may also contact RxBenefits Member Services at 1.800.334.8134 to learn whether a specific drug is covered.

Covered Drugs and Supplies

The following examples of Covered Drugs and supplies may be available with your prescription benefit coverage. FDA-approved pharmaceuticals requiring a written prescription, issued by a licensed physician, dentist, osteopath, podiatrist, optometrist (licensed professionals) or licensed advance practice certified nurse and dispensed by a licensed pharmacist. Please contact RxBenefits Member Services at 1.800.334.8134 if you have specific drug questions or register at optumrx.com to check coverage.

- ACA Contraceptives (Implantable & intrauterine (IUD)
- ACA Contraceptives (oral, extended cycle, injectable, transdermal, ring, diaphragms and cervical caps)
- ACA Non-Contraceptives
- ACA Preventative Services List
- ADHD/ADD
- Abortifacients
- Androgen
- Anti-Obesity/Anorexiants/Appetite Suppressant
- DEA Schedule V Products
- Diabetic Medications (Insulin/Non-Insulin)
- Diabetic Supplies (Continuous Glucose Monitors)
- Insomnia / Sedatives / Hypnotics
- Legend Drug Compounds
- Legend Vitamins (Rx)
- Migraine Medications
- Multi-Vitamins
- Narcolepsy
- Pain / Narcotics / Opioids
- Respiratory Supplies
- Smoking Cessation Products
- Specialty Medications
- Standard RX/OTC Equivalents

Questions?

Contact RxBenefits Member Services for information regarding the prescription drug program at 1.800.334.8134.

- Diabetic Supplies (Lancets, Lancet Devices, Test Strips, alcohol swabs)
- Diabetic Supplies (Syringes & Needles)
- Erectile Dysfunction
- Fertility Medications (Injectable & Oral)
- Topical Acne Medications
- Wegovy Coverage
- Weight Loss GLP-1

Quantity Limits for Covered Drugs

Certain Prescription Drugs are covered up to preset limits. These limits are based upon standard FDA approved dosing for the medications. If you request that a prescription be filled for a drug that is subject to quantity limitations, the prescription will be filled up to the preset limits. In some cases, it may be medically necessary for you to exceed the preset limits. In those instances, Prior Authorization is required. In such cases your doctor may initiate Prior Authorization by calling RxBenefits toll-free at 1.800.334.8134. Many drugs are subject to quantity limitations for patient safety based on FDA guidelines. Your plan has identified the following drug categories for Quantity Limits.

- Anti-Anxiety Medications
- Anti-Diabetic Agents
- Anti-Inflammatory Eye Agents
- Anti-Nausea Agents
- Anticoagulants
- Anticonvulsants
- Antidepressants
- Antipsychotic Agents
- Asthma and COPD Agents
- Contraceptives
- Erectile Dysfunction (ED) Agents
- Glaucoma Agents
- Irritable Bowel Syndrome IBS Agents
- Migraine Agents
- Nasal Steroids
- Non-Opioid Analgesics
- Opioid Analgesics
- Osteoporosis Agents
- Proton Pump Inhibitors
- Sleep Agents
- Smoking Cessation Agents
- Specialty Medications

For more information about specific drugs subject to coverage limitations, please call RxBenefits Member Services at 1.800.334.8134 or visit optumrx.com.

Prior Authorization and Appeals

If a prescription drug claim is wholly or partially denied, you or your authorized representative has the right to appeal the decision. You or your authorized representative may appeal the denial no later than 180 days after receiving notice of an adverse claim decision. Appeals of prescription drug claims are handled by RxBenefits and are decided in accordance with the terms of the plan document. Following a clinical review, one of four actions will occur: the medication is approved, the medication claim is denied, the doctor may decide to withdraw and prescribe a different medication, or the reviewer can dismiss the claim due to lack of communication from the prescriber. Your prior authorizations are handled by RxBenefits.

If denied, the member may appeal the decision. Upon appeal, a second pharmacist reviewer will evaluate the prior authorization and make a decision (approved/denied). If denied a second time, a final appeal may be made, which is forwarded to an outside medical reviewer. If denied, there are no further appeals.

Your doctor may initiate the Prior Authorization, quantity limit, high dollar claim review or any other rejection process by calling RxBenefits at 1.800.334.8134.

The following medications may require a prior authorization under your plan:

- ADHD Medications
- Acne Oral Medications
- Acne Topical Agents
- Allergen Extracts
- Anti-Infective Agents
- Anti-Obesity/Anorexiants/Appetite Suppressant
- Anticonvulsants
- Asthma and COPD Agents
- Diabetic Agents
- Drug Devices
- Dry Eye Syndrome Agents
- GLP-1 (Diabetic Drug)
- Hypoactive Sexual Desire Disorder (Addyi-HSDD Agents)
- Irritable Bowel Syndrome IBS Agents
- Non ADHD Stimulant
- Opioid Analgesics
- Specialty Medications
- Testosterone
- Weight Loss Agents - Wegovy

Discount Program

Price Edge (Optum): Your employer is offering a seamless point of sale discount on non-specialty generic drugs and some non-covered products. If available for your medication, this discount will be applied with no action from you,

Questions?

Contact RxBenefits Member Services for information regarding the prescription drug program at 1.800.334.8134.

and be captured as part of your benefit.

Contact RxBenefits Member Services for information regarding the prescription drug program at 1.800.334.8134.

Definitions:

Co-Insurance

The percentage of charges a Participant is required to pay for covered prescription drugs.

Copayment (Copay)

The specified charge you are required to pay for a Covered Drug.

Brand-Name

A Prescription Drug that is protected by a patent, supplied by a single company and marketed under the manufacturer's brand name.

Generic Drug

A generic drug is identical to a brand name drug in dosage form, safety, strength, route of administration, quality, performance characteristics, and intended use. Although a generic drug is chemically identical to its branded counterpart, it is typically sold at substantial discounts from the branded drug's price.

Over-the-Counter Drug (OTC)

Any medical substance that can be purchased without a prescription. OTC medications are not covered by your plan unless otherwise stated.

Non-Preferred Brand

Non-Preferred Brand is a Brand Name prescription drug that does not appear on the formulary of Brand Name Drugs designated by Optum as Preferred. Members may pay a higher cost for Non-Preferred Brand-Name Prescription Drugs than for Preferred Brand-Name prescription Drugs.

Preferred Brand Drug

Preferred Brand Drug is a prescription drug that appears on the formulary of Brand-Name Prescription Drugs designated by Optum Preferred. This list is subject to periodic review and modifications by Optum. Members may obtain a copy of this list by contacting RxBenefits Member Services at 1.800.334.8134 or by registering on optumrx.com. Members pay a lower copay/co-insurance for Preferred Brand-Name Prescription Drugs than for Non-Preferred Brand-Name Prescription Drugs.

For More Information About the Prescription Benefit Coverage

Moravian University has partnered with Optum and RxBenefits to provide prescription drug benefits. Optum serves as the pharmacy benefit manager and RxBenefits administers the prescription drug program.

The website, optumrx.com is designed to help you explore ways to track your prescription benefits. You may use the site to locate pharmacies and compare prescription drug costs.

Guide to Your Pharmacy Benefits

Who is RxBenefits?

Birmingham, AL-based RxBenefits is the industry's first and only pharmacy benefits optimizer (PBO), dedicated to helping clients contain rising pharmacy costs while ensuring employees have access to affordable, high-quality prescription medications. Our team of more than 1,000 multidisciplinary experts are dedicated to improving your safety, lowering overall drug costs, and helping you make the most of your prescription drug coverage.

How do I use my pharmacy benefits?

Your pharmacy benefits are a component of your company's insurance coverage plan and are designed to help you conveniently access your prescriptions at the best cost. Your pharmacy benefits give you access to a large retail pharmacy network that includes thousands of pharmacies throughout the U.S. That means you have convenient access to your prescriptions wherever you are – at home, at work, or even on vacation. Simply present your benefits ID card and prescription at a retail pharmacy in your plan's network. The pharmacist can use your prescription and member information to determine whether the medication you have been prescribed is covered by your plan, as well as your copayment or coinsurance.

Your Prescription Benefits Coverage (PBC) also has an overview of your plan benefits, including drug coverage, and other features important to you and your family. You can access your PBC from the My RxBenefits member portal.

You'll get the most from your benefits by using a participating pharmacy. For a list of participating pharmacies, access your pharmacy benefits manager's (PBM's) website for more information. You can find a link to your PBM's website on the My RxBenefits member portal at Member.RxBenefits.com.

Note: If you choose a out-of-network pharmacy, you'll pay the full cost of your prescription upfront. Then, you'll need to submit a claim to your PBM for reimbursement. You can do this on your PBM's website, which you can access through a link in your My RxBenefits member portal.

How do I access the My RxBenefits member portal?

The My RxBenefits member portal gives you 24/7 online access to your account information, ID card, and prescription details. You can also chat with our Member Services team to address any questions. Register for the portal by visiting RxBenefits.com and clicking on "Member Portal."

What is a drug list/formulary?

All prescription benefits plans, including yours, use a "formulary" that may also be referred to as a drug list. The formulary/drug list contains brand-name and generic medications covered by your plan. All medications on the formulary have been approved by the U.S. Food & Drug Administration (FDA) and have been reviewed and recommended by your plan's Pharmacy & Therapeutics (P&T) Committee. The P&T Committee is an independent group of practicing doctors, pharmacists, and other healthcare professionals responsible for the research and decisions surrounding the drug list based on various factors, including their safety and effectiveness.

If your healthcare provider prescribes a medication that is not on the drug list/formulary, it will not be covered, and you will be responsible for the full cost of the medication. If your healthcare provider prescribes a non-covered medicine, talk with them about switching to a covered alternative.

You can confirm whether a particular medication is covered under your formulary/drug list on the My RxBenefits member portal, by chatting with Member Services, or calling the Member Services number on the back of your ID card. You can also refer to your Prescription Benefit Coverage (PBC) for coverage limitations and exclusions.

What is a prior authorization?

Certain prescription drugs may require a prior authorization (PA) review before you can fill the prescription under your insurance coverage. This is to ensure therapy is safe, appropriate, and cost efficient. When a medication requires a PA, your healthcare provider will need to submit a request along with supporting documentation which could include chart notes and lab work. A clinician will review these to ensure the medication is being prescribed in accordance with FDA approval criteria and clinical best practices, and that it is covered by your plan. If you use home delivery, your prescriber must obtain a PA before you can fill your prescription.

We never want you to go without appropriate medication to treat your condition. If you are having trouble filling a prescription because it requires a PA, please contact Member Services via the My RxBenefits member portal or by calling the number on the back of your ID card. We will assist you and your healthcare provider in getting the PA processed promptly.

What is the difference between generic and brand medications? How does it affect my benefits?

- **Are generic medications as safe and effective as brand-name drugs?**

Yes. Generic medications are regulated by the FDA and must be therapeutically equivalent to the brand-name drugs. They must have the same active ingredients, dosage form, strength, route of administration, and intended use.

- **Why are generic medications less expensive?**

A generic drug is introduced to the market only after the patent on its brand-name counterpart has expired. Once available, multiple manufacturers can produce the generic version, which increases market competition. As a result, generic drug manufacturers typically price their products lower than brand-name versions to remain competitive in the market.

- **How can I request a generic medication?**

Your healthcare provider and pharmacist are the best sources of information about generic medications. Simply ask one of them if your prescription can be filled with an equivalent generic medication. If a generic is available but you choose the brand-name version instead, you may be responsible for up to the full cost of the medication.

Can my prescription be switched to a drug with a lower copayment?

If your prescriber prescribes a brand-name drug, you can ask them about switching to a lower-cost generic. You can also select lower-cost options from your PBM's website, where you manage your current prescriptions, along with information you can use to discuss switching your prescription with your prescriber.

How do I order medications using home delivery?

With home delivery you can safely and conveniently have your prescriptions delivered to your home, office, or location of your choosing. It may cost less than using a retail pharmacy and can help ensure you don't miss a dose. Simply ask your prescriber to send your prescription to your PBM's mail-order pharmacy.

I am going to be out of town for an extended period. How do I get an extra supply of drugs to cover me for that time?

If you are going to be out of town for an extended period and need extra medication, contact Member Services either through the My RxBenefits member portal or by calling the number on the back of your member ID card to request a vacation override. You must provide the Member Services representative with both the date you are leaving and the date you are returning. RxBenefits will override the quantity limits, and you can pick up your medication at your local pharmacy.

We are here to help

- **Chat:** With a live agent by registering for the RxBenefits member portal at Member.RxBenefits.com, Monday-Friday, 9:00 a.m. to 6:00 p.m. Central
