### Q13 Do you have any final comments or recommendations about your experience as a graduate business student at Moravian College?

Answered: 18 Skipped: 26

#	Responses	Date
1	I love the class discussions and learning from other students and professors who have HR and real world experience.	8/24/2014 7:21 PM
2	The capstone class/Leading Change needs improvement. I expected to learn a lot more from this class. The class was a lot of work and yet when the class was over I still didn't feel prepared or comfortable leading change. The majority of the project was spent on planning change. I would have rather helped to implement a change initiative on campus or in the surrounding community. This would have provided me with hands on experience. Possibly the capstone class could be broken into a few classes:planning change, implementing change and reflection. I would also like to see additional leadership class offerings in other subject areas to better prepare students for leadership roles.	8/24/2014 3:15 PM
3	My first preference is the Hybrid/Blended course format, but having taken a few courses now I don't think they are best suited for all subjects. Specifically, the Managing Operations and Corporate Finance courses should stay 15 weeks. It's just my opinion that you're giving up some material in the shortened version and the students aren't benefiting in the long run.	8/19/2014 9:35 AM
4	The only issues I have had so far would be relevant to the helpfulness of the Comenius office staff in regards to signing up for classes and switching classes. Also, I encountered financial aid concerns and issues when I started the program that were unnecessary. I feel more information and guidance should have been provided in regards to my application for financial aid; such as what information was needed and the steps I needed to take.	8/17/2014 1:20 PM
5	I have not started classes yet, so I can not fully answer this question at this time and as I progress in my graduate studies, I will fully answer this question.	8/15/2014 5:34 PM

6	- during this fall semester, I am taking two courses, both of which require 2 books that are \$300 each (so I am spending \$1,200 on 4 books for one semester!). Are two, very expensive books, required for each class? Seems a bit outrageous, especially for those that don't get reimbursed. - some classes in MSHRM program seem to overlap (leadership classes, TM)...would be better time served to allow for more electives so students could take more classes that are if interest to them	8/15/2014 3:07 PM
7	No.	8/15/2014 11:21 AM
8	check question #8 for typo for Blackboard. :-)	8/15/2014 7:26 AM
9	My experience was great. For the most part, the classes invited very informative discussions by the professors and my peers alike. JP Orlando's classes were very beneficial in sparking conversations. Although Tom Egan's classes did not require much conversations, his teaching style was very effective and fair in my opinion. The program was a very rewarding experience overall.	8/13/2014 2:22 PM
10	I'm proud to be a Moravian alumni.	8/12/2014 10:26 AM
11	Going back to school when you have a job and you are old is scary. I can say Moravian have made this a smooth and enjoyable experience. I decided also to take a certificate and I didn't know that I didn't need to wait to finish my master's in order to take the graduate certificate. I could've worked on both at the same time. But I was offered the help needed to get me on track.	8/6/2014 11:07 AM
12	Aside from individual course suggestions which I have noted along the way, I do not have any particular program suggestions at this time.	8/4/2014 9:06 AM
13	Excellent MBA program so far. Staff have been very helpful.	8/4/2014 8:24 AM
14	Only offering certain courses in the summer is inconvenient. It would be nice if they were also available in Fall or Spring.	8/2/2014 7:30 PM
15	The course was the best ever for me. The professors and my advisor were always there for me. This my first time studying in the USA and I will always recommend this college to other foreign students.	8/1/2014 3:47 PM
16	Recommendation - offer more opportunities for students to interact outside of class. e.g. quarterly events. Recommendation - Monthly newsletter about what is happening in each concentration. Speakers and/or trips relevant to an MBA student of simply a Comenius sponsored trip to NYC or something. Recommendation - directory of past and current students of a means to connect with other MBA's that could help us in business as a resource. I suppose LinkedIn does this?	8/1/2014 12:50 PM
17	Program is flexible & tailored to your personal needs & professional goals.	8/1/2014 11:42 AM
18	Please have more class options available throughout different semesters not just only being offered once throughout the year.	8/1/2014 11:01 AM
