

CONTINUING AND GRADUATE STUDIES

The Windmill Foundation Scholarship

Purpose:

The Windmill Foundation has endowed a scholarship fund to enable continuing, professional and graduate students to attend Moravian College. The donors wish to assist students who share their sense of active commitment to the community and to encouraging others to pursue educational excellence. We particularly encourage applications from students from low-income families, from racial/ethnic groups that have experienced historic disadvantage, or who qualified for ACT 101 services at another college or university.

Who is eligible?

Applicants must be high school graduates or possess a GED transcript confirming ability to succeed in college level instruction. All continuing study and graduate students are potentially eligible. This includes students who have been accepted to a degree or certificate program or enrolled as a non-degree student. Both part-time and full-time students will be considered. There are no restrictions on age, gender, or stage at which the student enters college – new or transfer students may be considered.
