The 4th Annual Faculty Scholarship reception showcases the wide breadth and academic expertise of the Moravian faculty. The array of scholarship includes chapters on digital storytelling, mindfulness-based programs, philosophy, Hinduism, war and culture, and marine life. A similar variety in scope is found in the peer-reviewed journal literature, with publications ranging from organic and medicinal chemistry to microbiology, nursing, oceanography, psychology, industrial organization, and disciplines within health rehabilitation. Faculty have also authored textbooks in the hard sciences to the social sciences. In addition, faculty have created music, as well as paintings displayed in the most competitive galleries across the United States. Our talented faculty are at the heart of the quality education provided to students at Moravian College.

As your Provost and Dean, it is again a privilege to highlight the scholarship of such a distinguished faculty and host a reception to congratulate you on your commitment to the advancement of knowledge.

Cynthia Kosso, PhD
Provost and Dean of the Faculty
