

Moravian College
Policy for the Use of the ADA Accessible Minibus

The ADA accessible minibus will be used on a daily basis as transport between the Main and Hurd campus during the hours of 12:00 noon through 12:30 a.m. seven days a week. The larger, 32 passenger bus will also run concurrently between the hours of 7:15 a.m. and 7:00 p.m. during the week when classes are in session.

If the ADA accessible minibus is needed for transportation between campuses at a time other than the above listed schedule, the requestor must contact FMP&C, at extension 1550, at least two days in advance in order to secure a second driver.

Persons with a mobility impairment who require the use of the minibus for transportation between the campuses on a regular basis are requested to submit a schedule of routine times/days they will need this service. This should be received by the FMP&C office at least two weeks before the start of classes so that drivers can be scheduled accordingly.

The regular Hurd campus bus stop is not ADA compliant and when necessary, requires the minibus to drop passengers off at the southwest entrance to the lower level of Foy Hall. This allows easy access to the Foy elevator.

The minibus will generally not be available for off-campus use by groups or departments for field trips, unless it is requested to accommodate a mobility-impaired person or persons and it does not affect the needs of other passengers that require this bus for routine transport between the campuses.

The ADA accessible minibus may only be operated by drivers that have been trained in the use of the hydraulic passenger lift and the proper equipment tie down procedures.
