Applicant Signature _____ Date _____			

POLICIES & PROCEDURES FOR ADMISSION TO STUDENT TEACHING AND CERTIFICATION INFO

Please read the following program policies and procedures before you complete and submit the Student Teaching Application. If you have questions about the policies and procedures, contact a member of the Education Department.

1. Students who intend to seek teaching certification must submit this formal application to the Education Department. Students must achieve all of the following in order to gain consideration:
 - a. GPA:
 - 3.0 overall grade point average
 - 3.0 in the academic major
 - 3.0 in the professional education sequence
 - b. Recommendation of the student's major department based upon the mastery of content knowledge in the academic discipline.
 - c. Recommendation of the Education Department based on mastery of pedagogical content knowledge and performance in successful stage 1 & 2 field experiences and stage 3 pre-student teaching experiences.
 - d. Evidence of professional attitude and behavior in light of field experience evaluations, University faculty and staff assessment, disciplinary information from the Student Affairs Office, and other sources. Submission of a signed application is required and shall constitute consent for the Student Affairs Office to release all such information on file to the Education Department.
 - e. Students should apply for student teaching two semesters prior to the student teaching semester. Applications for Fall student teaching must be received in the Education Department by December 1 of the preceding year. Applications for Spring student teaching must be received by April 15 of the preceding year.
2. After admission to the program, a student must maintain at least the minimum required averages and continue to receive the endorsement of the departments and offices involved. A student must meet all standards and complete prerequisite course work by the term prior to the student teaching semester.
3. Prior to the beginning of student teaching, the student must present valid confirmation of all required forms and mandates to the Education Department. Students will be placed in experiences only when all background checks are clear of record. No student will be placed into student teaching without these documents.
4. A student who has been denied permission to student teach may reapply at a later time if the criteria for student teaching have been met. In such circumstances, completion of certification requirements may involve extending the student's program if the requirements cannot otherwise be met. If student teaching requirements change prior to the reapplication, the student will be required to meet the new requirements.
5. If a student wishes to challenge an action by the Teacher Education Committee, the student may request a hearing and personal appearance before the Committee. If the student is not satisfied by the hearing, he/she may appeal to the Office of Academic Affairs.
6. Students are required to secure their own transportation to and from student teaching placements.
7. Student teaching is graded on a pass/no credit basis, and a "pass" is required for certification. If, in the judgment of the student's cooperating teacher and student teacher supervisor, the student teacher's effort justifies course credit but has not resulted in proficiency that justifies certification, the student may receive field study credit but not be recommended for certification. All such cases are reviewed and decided by the Teacher Education Committee and Education Department. If a student is not to be recommended for certification, the student will be notified and given an opportunity to appear before the Committee to present information on the student's own behalf and to respond to the recommendation.

TEACHER CERTIFICATION INFO

1. Students apply for Pennsylvania Teacher Certification when all academic, professional and character standards have been met. The Pennsylvania Department of Education will not certify anyone convicted of a felony.
2. The student may appeal to the Office of Academic Affairs if it is recommended that certification not be granted. The student may appeal the institution's action to the Bureau of Teacher Certification of the Pennsylvania Department of Education. All avenues of appeal within the University must be exhausted before this step is taken.
3. All students seeking certification in Pennsylvania are required to pass the appropriate content and methods exams appropriate for their certificate type. These exams are administered either thru ETS or Pearson (PECT).
